Account Limitations

Share/Sub Share Savings: Subject to Regulation D and Regulation CC. See explanation below.

Money Market: Subject to a \$10 fee if the account balance falls below \$1,000 during the month, Regulation D and Regulation CC. See explanation below.

Your Credit Union membership share is \$20.00. This is a deposit to establish membership and not a fee. Accounts must remain open through the dividend period to earn dividends. If the stated minimum to earn dividends is not met for a day, dividends will not be earned for that day.

The Dividend Rate and Annual Percentage Yield may change each compounding period as determined by the Board of Directors. Dividends are paid from current income and available earnings after required transfers to reserves at the end of the dividend period. The dividend rate and yield are the prospective rate and yield for the applicable dividend period. Dividends begin to accrue on the business day of deposit. The monthly dividend periods begin on the first calendar day and end on the last calendar day of each month.

Regulation CC: Our policy is to make funds from your deposit available to you on the day we receive your deposit. At that time you can withdraw the funds in cash and we will use the funds to pay checks that you have written. If you make a deposit to a cash machine or night depository we will consider the day of deposit to be the following business day. If we have cause to question an item presented for deposit we may require that a hold be placed until the funds are collected, or sent for collection with no credit given until the item is collected.

Regulation D: We are required to limit the following types of transfers from accounts to no more than six transfers per month: All preauthorized transfers to another account (excluding transfers for payments or routine allocations of direct payroll deposit to your other accounts or family member accounts); and telephone transfers to another account. If you exceed the transfer limitation your account may be subject to a suspension or closure.

Dormant Accounts: We consider an account dormant when there has been no activity in the preceding twelve months. Your account may be subject to a monthly charge once it is deemed to be dormant.

The rates and fees quoted are accurate as of the effective date above. If you have any questions or need current rate or fee information on your accounts, please call us at (360) 423-2770.
